## **U12 Hurling & Football Leagues 2012**

This year in an effort to play the under 12 leagues in a progressive system the following format will be adopted.

The league will be played in 3 phases:

### Phase 1: (Qualifying Phase)

Teams in groups of 4 (Where possible) and they all play each other once (3 games per team)

Once these games have been completed a table will be produced to show the standings of each team after phase 1.

### Phase 2: (League Phase)

The groups will be clustered into 3s (A,B,C) (D,E,F) (H,I,J) etc

Sample of how phase 2 is set up:

The First & Second placed teams in groups A,B,C will form Group 1 of the Phase 2 (6 Teams).

the third & fourth placed teams in group A,B,C will form Group 2 of phase 2 again 6 teams.

And so on for the remaining groups leading to 9 football groups and 10 Hurling Groups.

The fixtures are remade for Phase 2 and each team will play 5 games. (The fixtures can be made the fortnight between the end of phase 1 and start of phase 2.)

Once these games have been completed a table will be produced to show the standings of each team after phase 2.

### Phase 3: (Finals Day Phase)

I would like to use it as a phase for teams to qualify as to who they meet in the finals day in the Gaelic grounds.

After Phase 2 each team will be placed in their groups 1 to 6. At this stage the groups will be paired off eg Group 1 & 2 together Group 3 & 4 together and so on.

Let's take group 1 & 2 to demonstrate phase 3

Teams 1 & 2 in group 1 will play teams 1 & 2 in group 2.

(Team 1 in Group 1 will play team 2 in group 2.

Team 2 in group 1 will play team 1 in group 2)

The winners of these two games will play each other in the Gaelic Grounds on the finals day as will the losers of these 2 games.

This format will apply to the rest of the group.

3<sup>rd</sup> & 4<sup>th</sup> placed teams will play each other as will 5<sup>th</sup> & 6<sup>th</sup> placed teams with the winners meeting in the finals day and the losers meeting in the finals day.

This will apply to all the groups in both codes

## **Phase 2 formats**
